CUBEROOT · GOLF TOGETHER

The Marker

Illustrated Quick Starter Guide

Your hole-by-hole golf companion.
With The Scorecard, or on its own.

Keep scores for one to four players. Sign in to post eligible rounds to The Scorecard, or play without an account and keep and share your card.

Web version 0.5.4 · Large-print edition

The teaching illustrations use fictional names and scores and reconstruct selected controls from the app. They do not show a personal account.

In this guide

1. Choose how to play
2. Set up the round
3. Choose one to four players
4. Enter scores, one golfer at a time
5. Finish, check and post or keep
6. Share a card

1. Choose how to play

The Marker is a companion to The Scorecard and a complete standalone scorecard for one to four players.

Teaching illustration - fictional example data.

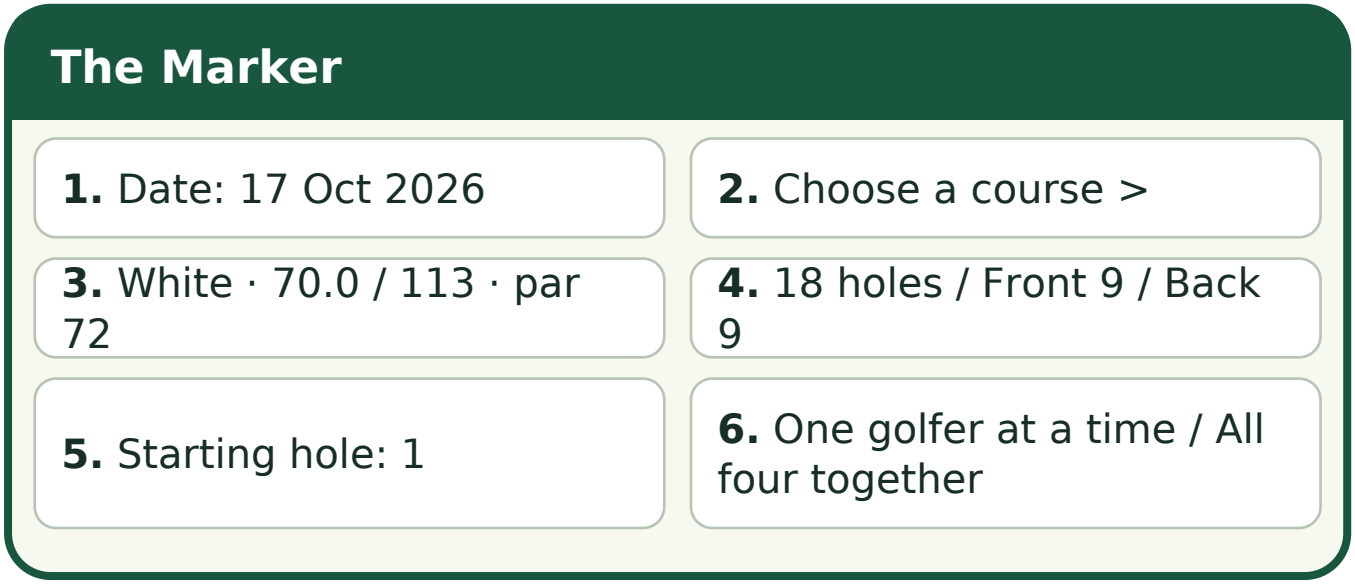

1. Choose **Sign in with The Scorecard** to use your existing account and pick golfers from your groups. Eligible finished rounds can be posted for those golfers.

2. Choose **Play without an account** to type player names, keep the card on this device and share it. No Scorecard account is required.

3. Continue your round appears when a round is already saved. Open the web app while connected before leaving for the course.

2. Set up the round

Check these choices before you tee off.

Teaching illustration - fictional example data.

1. Use the date minus and plus buttons to select the day played. Choose the course and the tee actually used.

2. Choose **18 holes**, **Front 9** or **Back 9**. A nine-hole card can be shared but cannot be posted to The Scorecard.

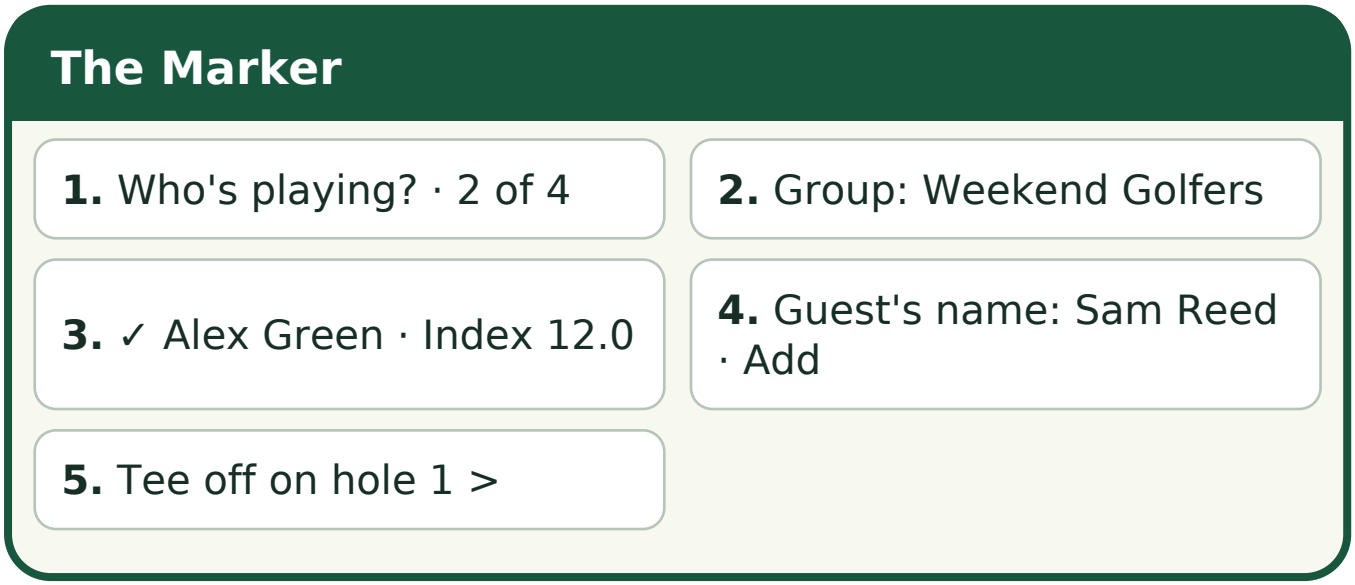

3. Set the **Starting hole** for a shotgun start. An 18-hole round starting on 10 goes through 18, then 1 through 9.

4. Choose your score-entry layout. The selected course and tee apply to everyone on this card; use separate cards for different tees.

5. Need to add or photograph a course? Follow **Find and check a course** in the complete guide.

3. Choose one to four players

Group golfers can be posted; typed guests are scored and shared only.

Teaching illustration - fictional example data.

1. Tap **Choose the players**. Signed-in users select a group and tap existing golfers. You may select golfers from your own groups, up to four total.

2. Add other people by typing a name and tapping **Add**. Without an account, enter each player this way. Typed names are guests, even if they resemble a member's name.

3. Tap a selected member again to deselect; use **Remove** for a typed player. Check the names, then tap **Tee off on hole …**.

4. Enter scores, one golfer at a time

Enter the strokes actually taken. The app calculates its handicap adjustment separately.

Teaching illustration - fictional example data.

1. Tap the golfer's name, then tap their score tile. The entered value is highlighted. Tap another value to correct it.

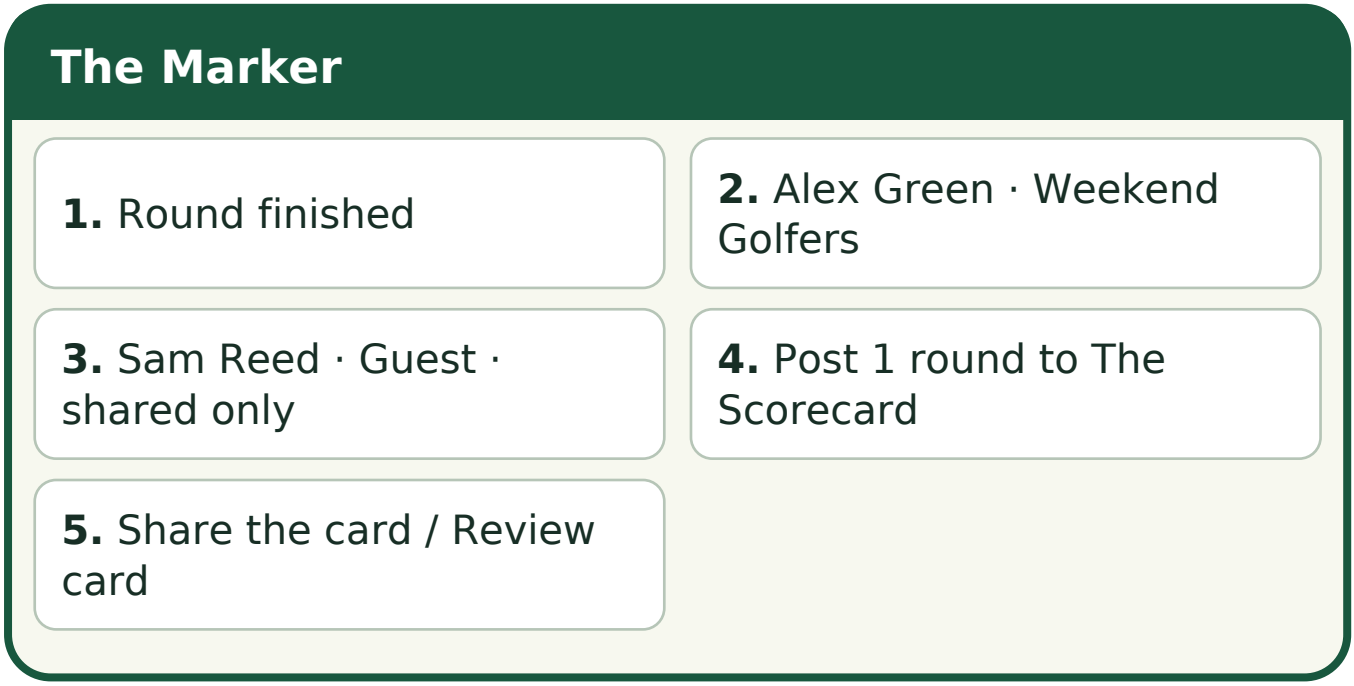

2. Tap the next golfer's name and enter that score. Use **Type a score** for a whole number from 1 to 20.

3. Use **Picked up** when the player did not finish the hole. This records X; it is not a zero.

4. When everyone has an entry, tap the next-hole button. After the final hole, tap **Finish**. Watch for save errors before continuing.

5. Finish, check and post or keep

After the final hole, tap Finish and review the totals.

Teaching illustration - fictional example data.

1. Tap **Review card** to check or correct holes before posting. Signed-in eligible 18-hole cards show **Post … rounds to The Scorecard**. Typed guests are not posted.

2. After posting, wait for **Posted** ✓. Waiting and Checking are not final confirmation. Reopen the app online to check delayed submissions.

3. Without an account, or for nine holes, choose **Share the card**, then **Done** to keep it under **Your cards**. If a signed-in round cannot be posted, read the displayed reason.

4. During play, use **Menu > Go to the start screen**, then **Continue your round** to return. Local cards stay in the same browser; do not clear its data.

6. Share a card

Share during play, after finishing or from Your cards.

Teaching illustration - fictional example data.

1. Tap **Share the card**. Your device may show its native share sheet; otherwise choose WhatsApp, Email, Text message or Copy.

2. Choose the recipients in your messaging app and send when ready. Sharing sends a text summary with hole scores; it does not post rounds to The Scorecard.

3. If Copy is blocked, press and hold the displayed text and copy it manually. An unfinished card can also be shared; missing holes appear as dashes.
