CUBEROOT · GOLF TOGETHER

The Marker Illustrated Quick Starter Guide

Your hole-by-hole golf companion.
With The Scorecard, or on its own.

Keep scores for one to four players. Sign in to post eligible rounds to The Scorecard, or play without an account and keep and share your card.

Web app version 0.5.4 · 17 October 2026 · Large-print edition

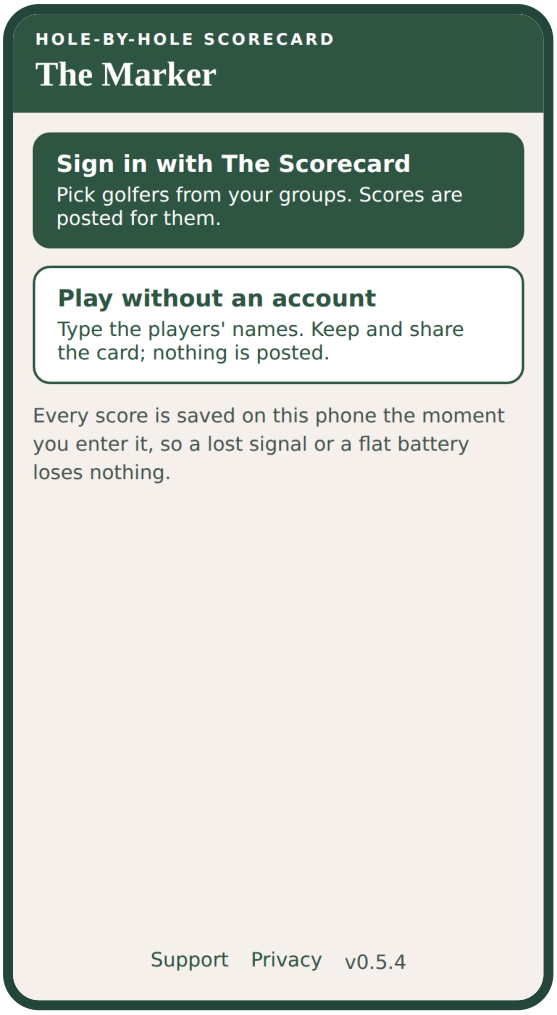

Open The Marker →

> The illustrations below use The Marker's actual screen markup and stylesheet, with fictional example names and scores. They are read-only examples, not screenshots from a personal account. Use the View this screen larger link for an expanded view.

1. Choose how to play 2. Set up the round 3. Choose one to four players 4. Enter scores, one golfer at a time 5. Enter all players together 6. Finish, check and post or keep 7. Use the Menu bubble 8. Share a card

1. Choose how to play

The Marker is a companion to The Scorecard and a complete standalone scorecard for one to four players.

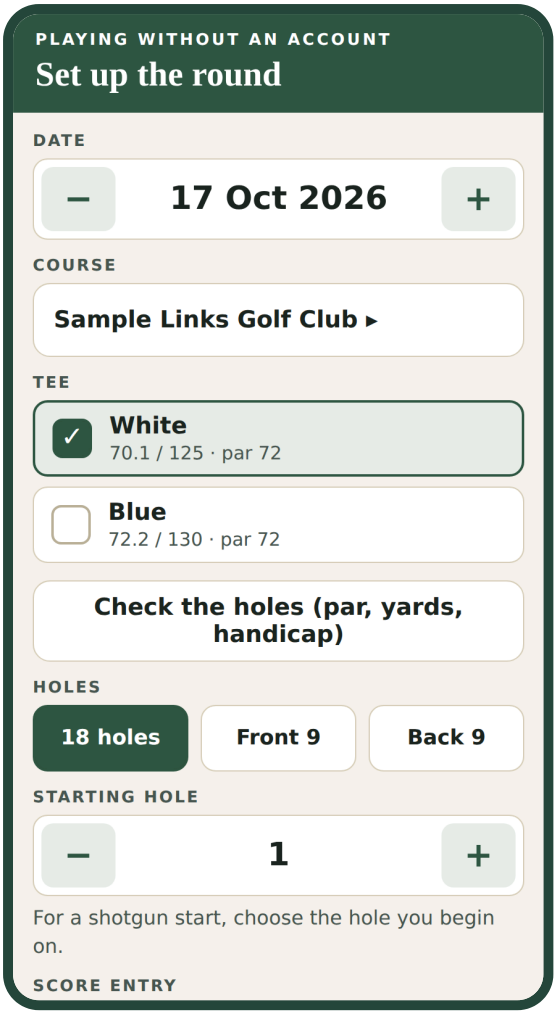

Source-matched illustration with fictional example data. **View this screen larger**.

1. Choose **Sign in with The Scorecard** to use your existing account and pick golfers from your groups. Eligible finished rounds can be posted for those golfers.
2. Choose **Play without an account** to type player names, keep the card on this device and share it. No Scorecard account is required.

3. **Continue your round** appears when a round is already saved. Open the web app while connected before leaving for the course.

2. Set up the round

Check these choices before you tee off.

Source-matched illustration with fictional example data. **View this screen larger**.

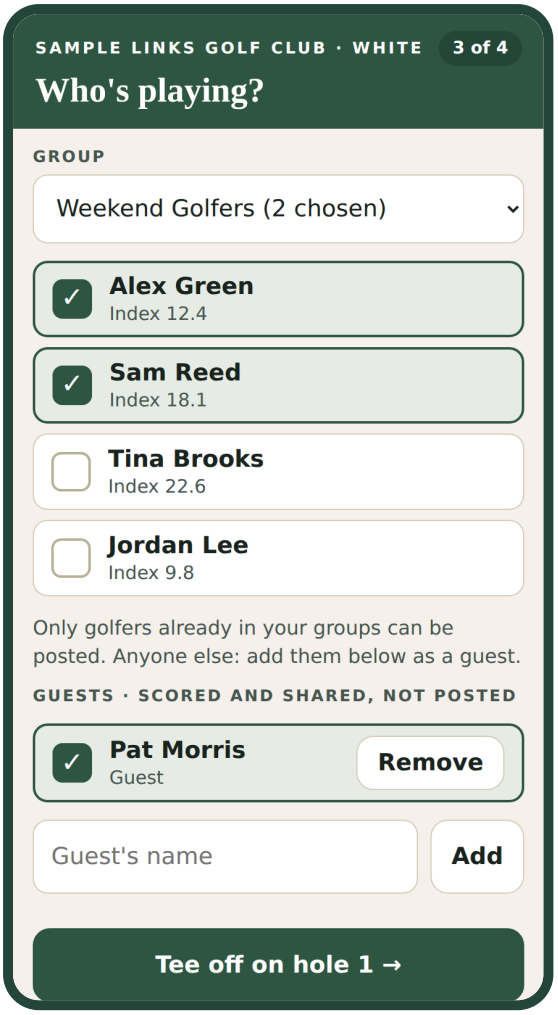

1. Use the date minus and plus buttons to select the day played. Choose the course and the tee actually used.
2. Choose **18 holes**, **Front 9** or **Back 9**. A nine-hole card can be shared but cannot be posted to The Scorecard.
3. Set the **Starting hole** for a shotgun start. An 18-hole round starting on 10 goes through 18, then 1 through 9.
4. Choose your score-entry layout. The selected course and tee apply to everyone on this card; use separate

cards for different tees.

5. Need to add or photograph a course? Follow **Find and check a course** in the complete guide.

3. Choose one to four players

Group golfers can be posted; typed guests are scored and shared only.

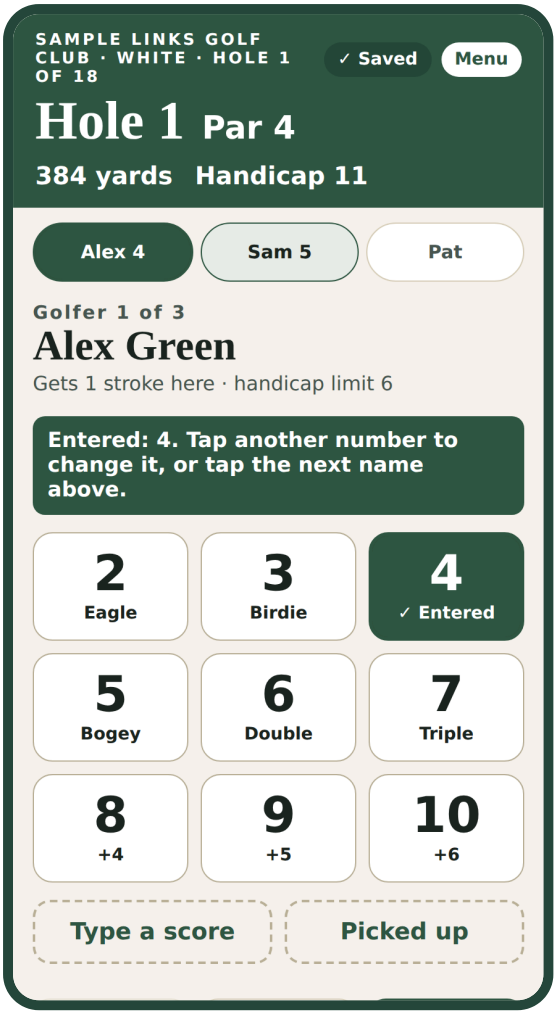

Source-matched illustration with fictional example data. **View this screen larger**.

1. Tap **Choose the players**. Signed-in users select a group and tap existing golfers. You may select golfers from your own groups, up to four total.
2. Add other people by typing a name and tapping **Add**. Without an account, enter each player this way. Typed names are guests, even if they resemble a member’s name.

3. Tap a selected member again to deselect; use **Remove** for a typed player. Check the names, then tap **Tee off on hole …**.

4. Enter scores, one golfer at a time

Enter the strokes actually taken. The app calculates its handicap adjustment separately.

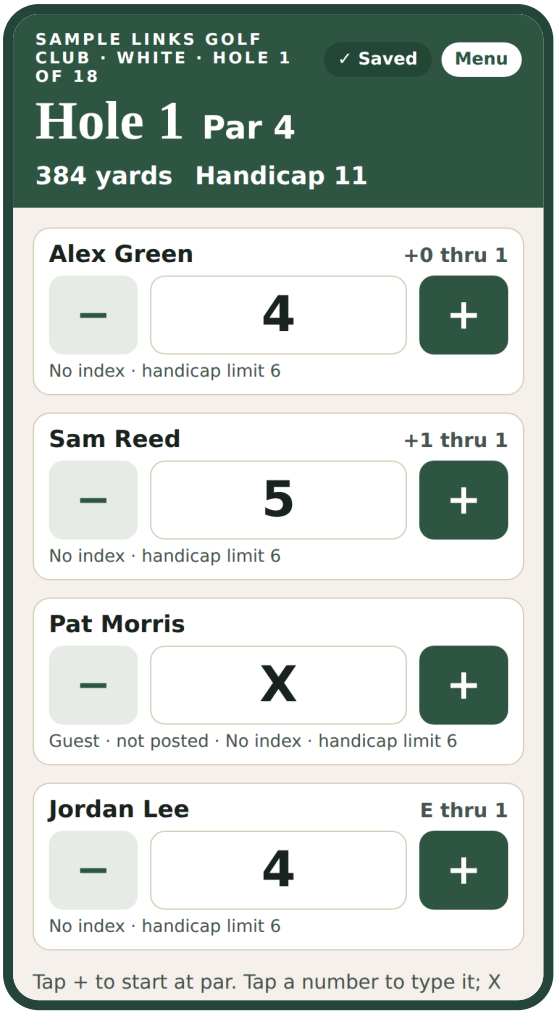

Source-matched illustration with fictional example data. **View this screen larger**.

1. Tap the golfer’s name, then tap their score tile. The entered value is highlighted. Tap another value to correct it.
2. Tap the next golfer’s name and enter that score. Use **Type a score** for a whole number from 1 to 20.

3. Use **Picked up** when the player did not finish the hole. This records X; it is not a zero.
4. When everyone has an entry, tap the next-hole button. After the final hole, tap **Finish**. Watch for save errors before continuing.

5. Enter all players together

This is a different scoring layout, not a different game. It works for two, three or four golfers.

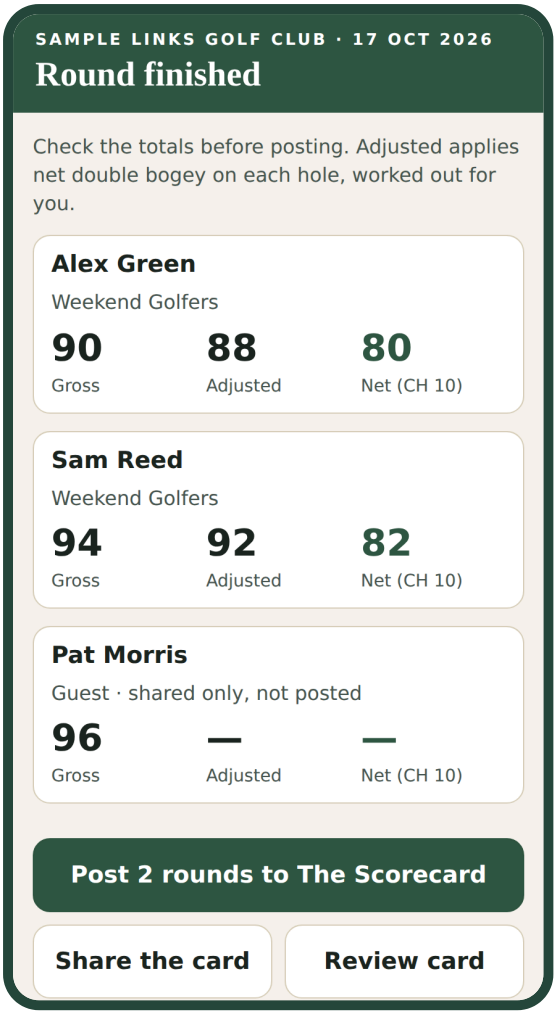

Source-matched illustration with fictional example data. **View this screen larger**.

1. During round setup, choose **All four together**. Or open **Menu → Switch to all four together** during play.
2. Each golfer has a separate score row. Tap **+** to begin at par; adjust with **−** or **+**, or tap the score to type 1–20.
3. Enter each player’s strokes on the same hole before moving on. A blank score is not a par.

4. To return to individual entry, tap **Menu → Switch to one golfer at a time**; existing scores remain intact.

6. Finish, check and post or keep

After the final hole, tap Finish and review the totals.

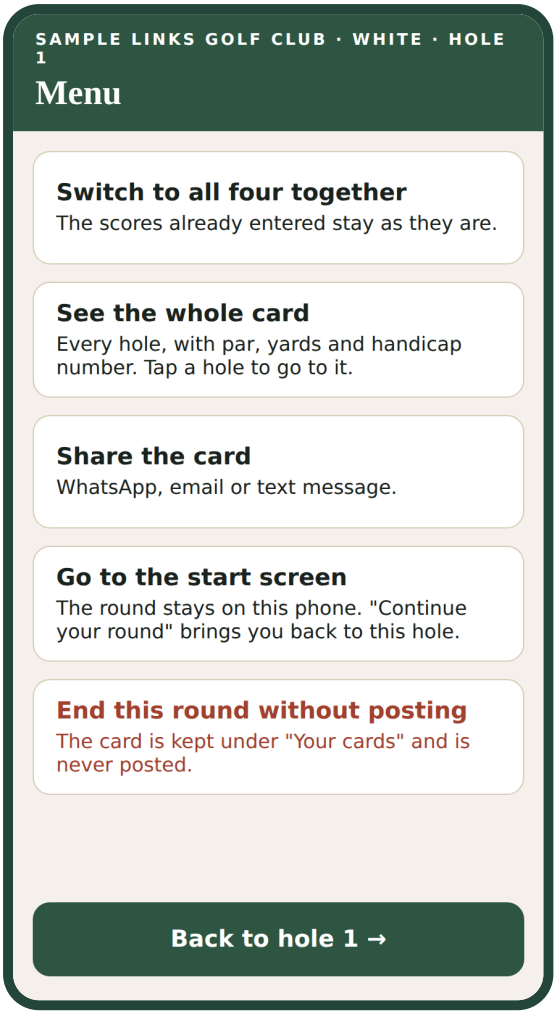

Source-matched illustration with fictional example data. **View this screen larger**.

1. Tap **Review card** to check or correct holes before posting. Signed-in eligible 18-hole cards show **Post … rounds to The Scorecard**. Typed guests are not posted.
2. After posting, wait for **Posted** ✓. Waiting and Checking are not final confirmation. Reopen the app online to check delayed submissions.

3. Without an account, or for nine holes, choose **Share the card**, then **Done** to keep it under **Your cards**. If a signed-in round cannot be posted, read the displayed reason.
4. During play, use **Menu → Go to the start screen**, then **Continue your round** to return. Local cards stay in the same browser; do not clear its data.

7. The Menu bubble during play

The **Menu** control appears at the top of the hole screen beside the saved indicator. Tap it without leaving your round.

Source-matched illustration with fictional example data. **View this screen larger**.

1. Tap **Menu** at the top right while entering scores.
2. Choose **Switch** to change the score-entry view. Your entered scores stay saved.
3. **See the whole card** lets you review holes; **Share the card** sends a score summary.

4. **Go to the start screen** keeps the active round for **Continue your round**. **End this round without posting** is different: it ends the round and keeps a historical card without posting.
5. Tap **Back to hole** to continue scoring without changing anything.

8. Share a card

Share during play, after finishing or from Your cards.

Source-matched illustration with fictional example data. **View this screen larger**.

1. Tap **Share the card**. Your device may show its native share sheet; otherwise choose WhatsApp, Email, Text message or Copy.
2. Choose the recipients in your messaging app and send when ready. Sharing sends a text summary with hole scores; it does not post rounds to The Scorecard.
3. If Copy is blocked, press and hold the displayed text and copy it manually. An unfinished card can also be shared;

missing holes appear as dashes.
