Who can do what?

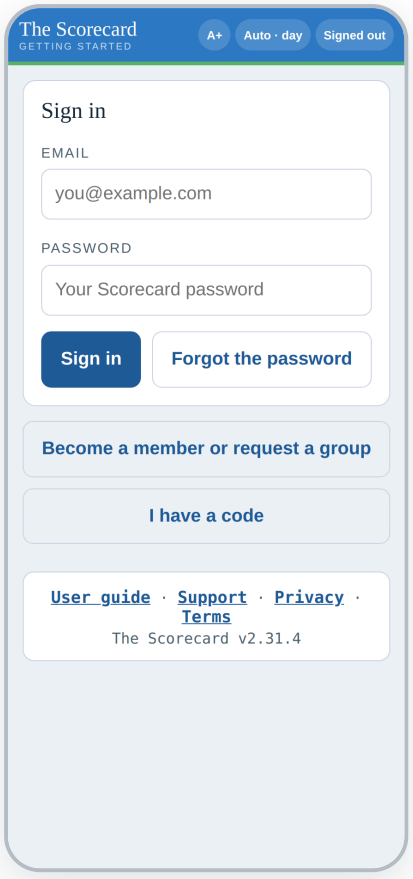

Regular user View your rounds, post your own rounds, follow your handicap and join groups to which you have access.

Administrator Manage the group roster, invite golfers, create games, post or correct group scores and review members. Some controls depend on the group's permissions.

1. Open the app and sign in

Regular user

Members sign in with their email and Scorecard password.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

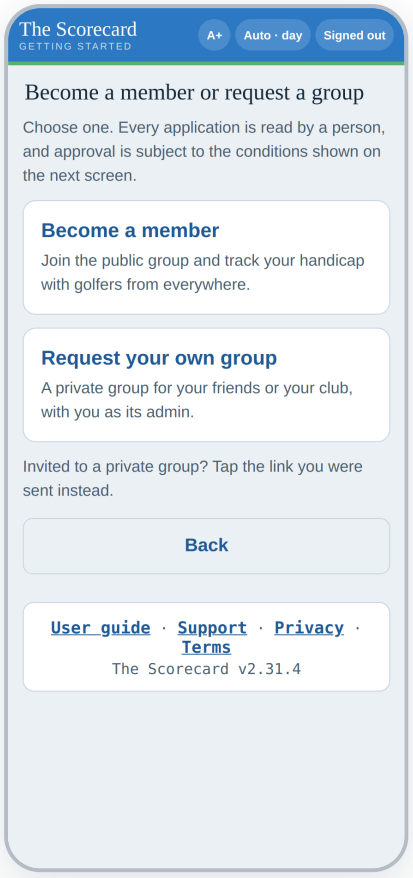

1. Type your email and your Scorecard password, then tap **Sign in**.
2. Forgot it? Type your email and tap **Forgot the password**. Open the email and tap its link: The Scorecard opens and asks you to choose a new password.
3. Today the email is titled **Sign in to The Scorecard**, and the link opens a Firebase web page for a moment before The Scorecard. Both are normal and safe.

4. New to The Scorecard? Tap **Become a member or request a group**. Given a group code? Tap **I have a code**.

2. Become a member or request a group

Regular user

Two ways in for people who were not invited.

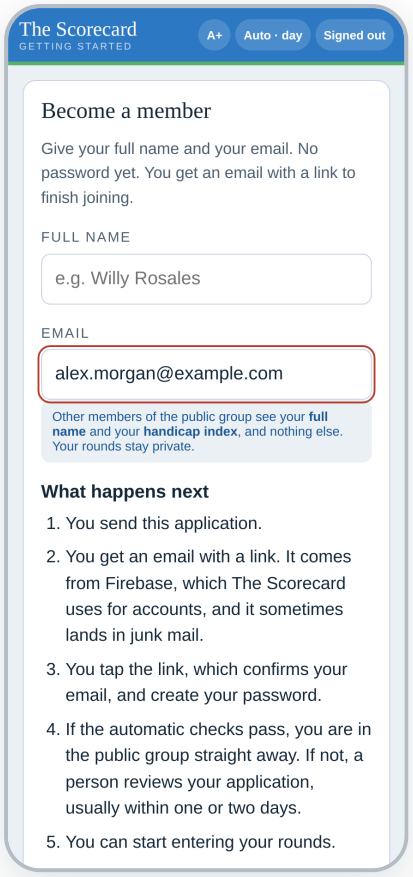

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. **Become a member**: join the public group and track your handicap with golfers from everywhere.
2. **Request your own group**: a private group for your friends or club, with you as its admin. Every request is read by a person.
3. Invited to a private group? Tap the link you were sent instead.

3. Apply to the public group

Regular user

No password is asked at this step.

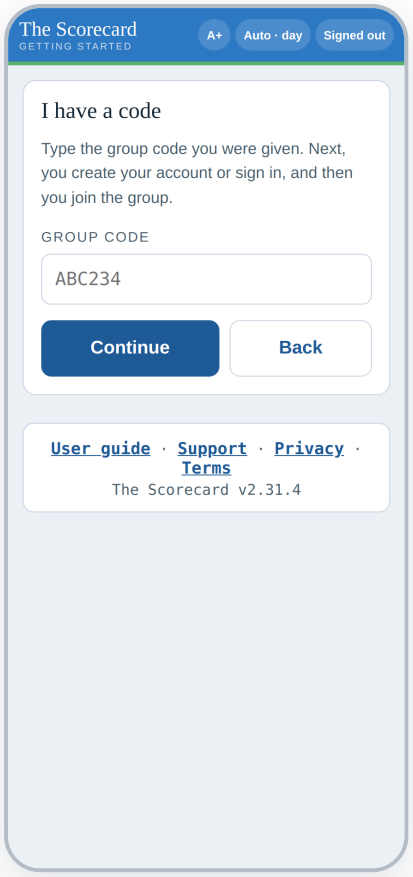

Real screen of The Scorecard 2.31.4, with made-up golfers. ***View larger****.*

1. Type your full name and your email, read the conditions, and send the application.
2. You get an email with a link. Tapping it confirms your email, and you create your password.
3. If the automatic checks pass, you are in the public group straight away. If not, a person reviews your application.
4. Other members of the public group see only your full name and your handicap index.

4. Join with a group code

Regular user

Some groups hand out a six-character code.

Real screen of The Scorecard 2.31.4, with made-up golfers. ***View larger****.*

1. Tap **I have a code**, type the code and tap **Continue**.
2. Then create your account, or sign in if you already have one, and you join the group.

5. Join with a personal invitation

Regular user

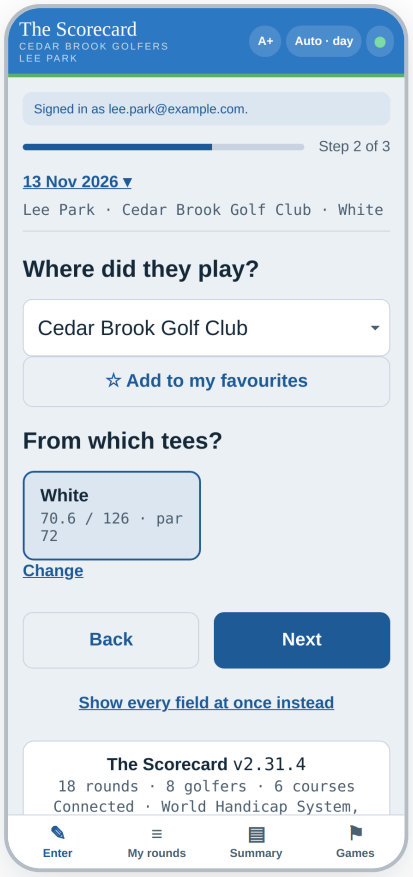

A private group's admin can send you a link with your name on it.

1. Open the invitation link you were sent. It names you, so there is nothing to type.
2. New to The Scorecard? Create your account. Already have one? Sign in, and you join the group.
3. Check your golfer name and group before posting a round. Never make a second golfer for yourself.

6. Enter a round, one step at a time

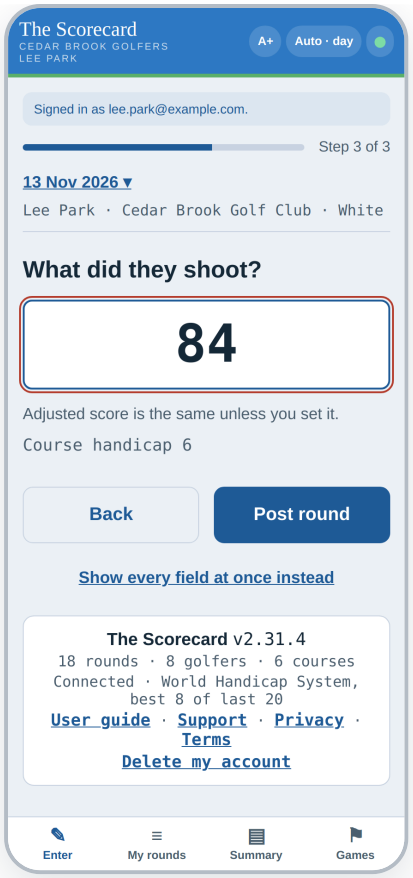

Regular user

Members post their own rounds in three short steps.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap the **Enter** tab. Your own golfer is chosen for you.
2. The date is at the top; tap it to pick another day. Choose the course, tap the tees you played, then tap **Next**.
3. Type your score. The course handicap shows below it. If the round was part of a game, choose the game.
4. Tap **Post round** once. If the signal is weak, wait:

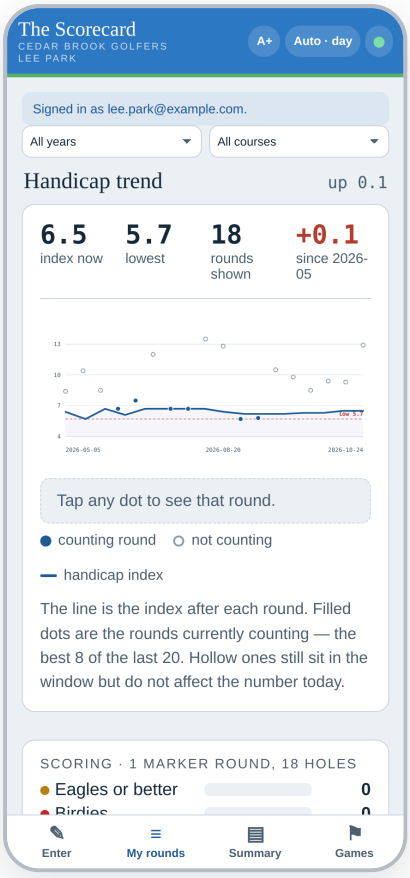

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

the round is sent when the connection returns.

7. Your rounds, and the Marker card

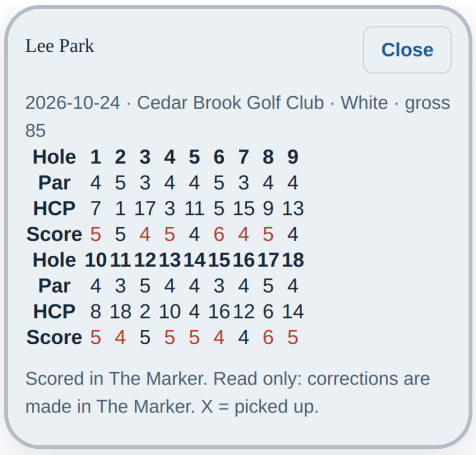

Regular user

My rounds lists every round, with your handicap trend.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **My rounds**. The chart shows your handicap index after each round. Tap any dot to see that round.
2. Rounds scored in The Marker show ▦ **Card**. Tap it to see every hole: par, handicap and score.
3. Marker rounds are locked here. They are corrected in The Marker, so the card and the round always agree.
4. Below the chart, **Scoring** counts your birdies, pars and bogeys from your Marker rounds.

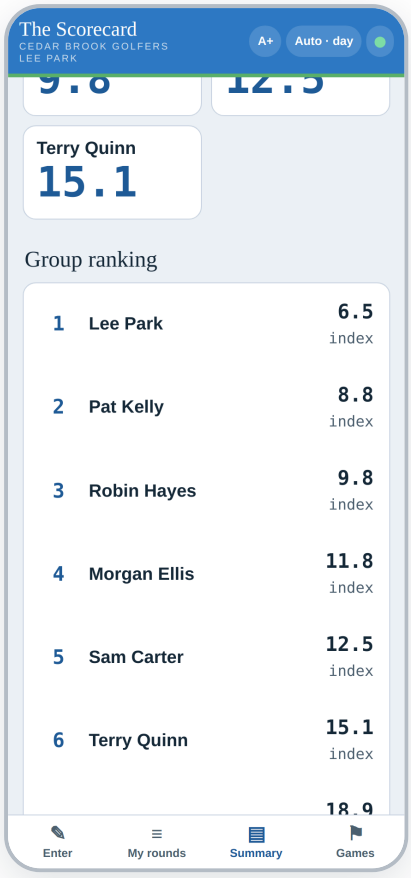

Real screen of The Scorecard 2.31.4, with made-up golfers. ***View larger****.*

8. Your handicap and the group ranking

Regular user

Summary shows where everyone stands.

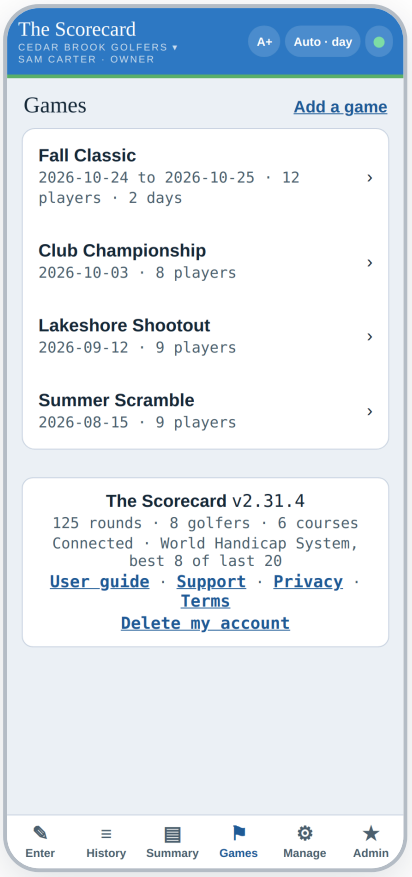

Real screen of The Scorecard 2.31.4, with made-up golfers. ***View larger****.*

1. Tap **Summary**. The group ranking lists everyone by handicap index, lowest first.
2. A new golfer needs at least three rounds for a first index.

9. Games and standings

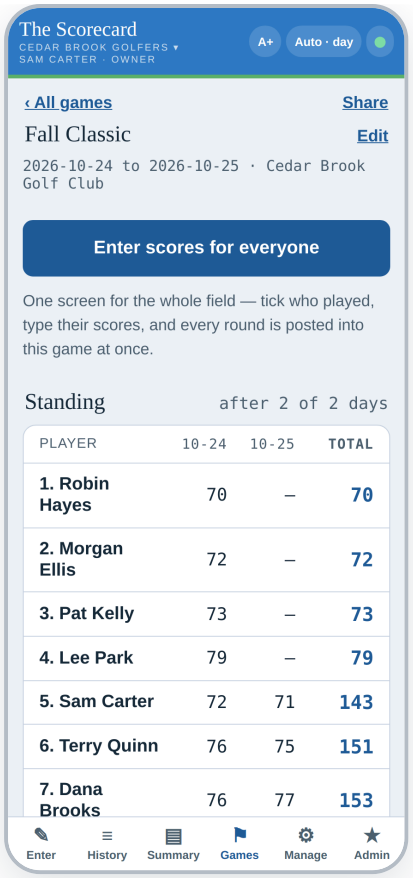

Regular user

Games tab: every game of the group and its standing.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Games**, then tap a game.
2. The standing shows each golfer's score for every day of the game, and the total. **Share** sends it as a message.
3. Admins also see **Enter scores for everyone**: one screen for the whole field.

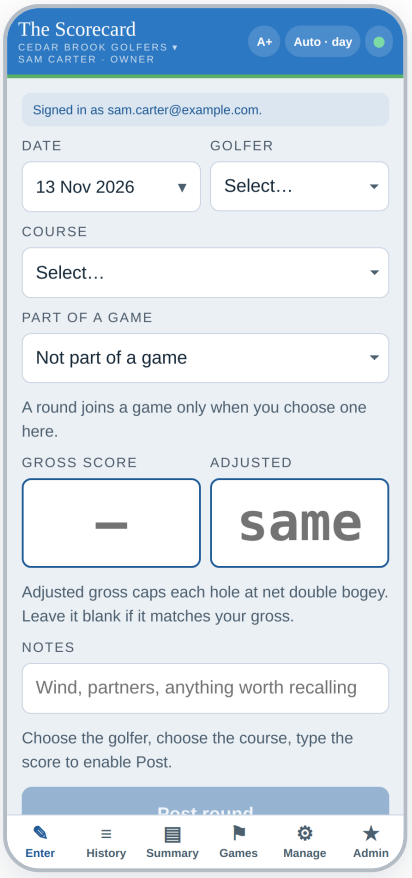

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

10. Admin: enter a round for any golfer

Administrator

Admins see every field at once.

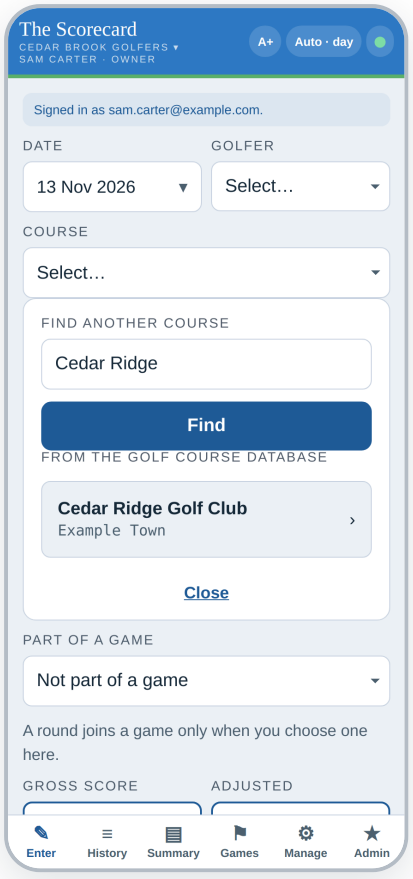

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Enter**. Choose the date, the golfer and the course, then the tees.
2. If the round was part of a game, choose it under **Part of a game**.
3. Type the gross score. Leave **Adjusted** as **same** unless a hole needs capping at net double bogey.
4. Tap **Post**. Prefer one step at a time? Tap **Switch to one step at a time**.

11. Admin: find a course that isn't in the list

Administrator

Course search finds courses from the golf course database.

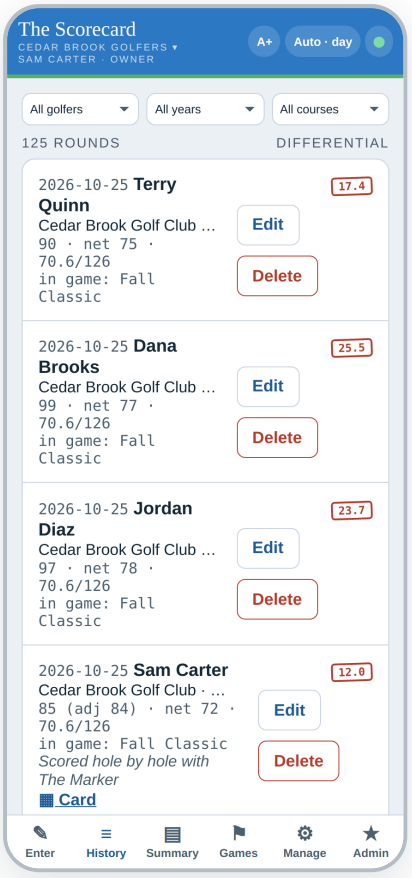

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. In the **Course** list, choose the first line: 🔍 **Find another course….**
2. Type the course name or town and tap **Find**. Tap the right course, check its tees, and tap **Use this course**.
3. Course details from the database may have mistakes. A club's own scorecard, read from pictures, corrects them (section 16).

12. Admin: correct or delete a round

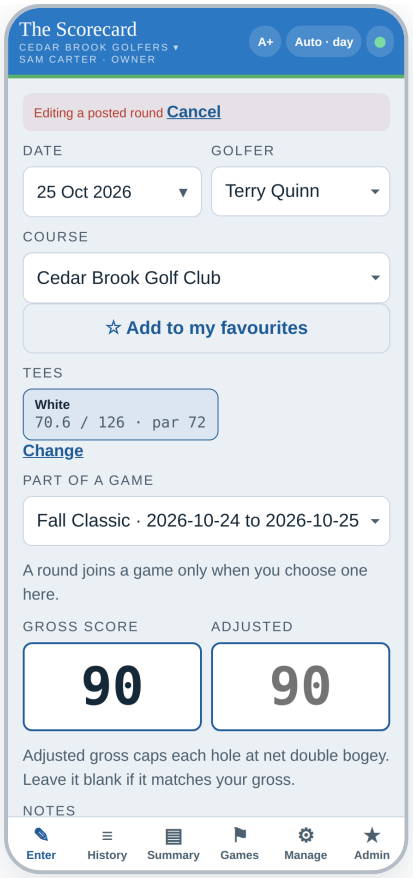

Administrator

History lists every round of the group.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **History**. Narrow the list with the golfer, year and course filters.
2. Tap **Edit** beside a round. The round opens with **Editing a posted round** at the top. Change what is wrong and save.
3. Tap **Delete** only for a round that should not exist. You are asked to confirm.
4. Rounds scored in The Marker say so, and are

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

corrected in The Marker instead.

13. Admin: season, index and sharing

Administrator

Summary for admins adds the whole group's numbers.

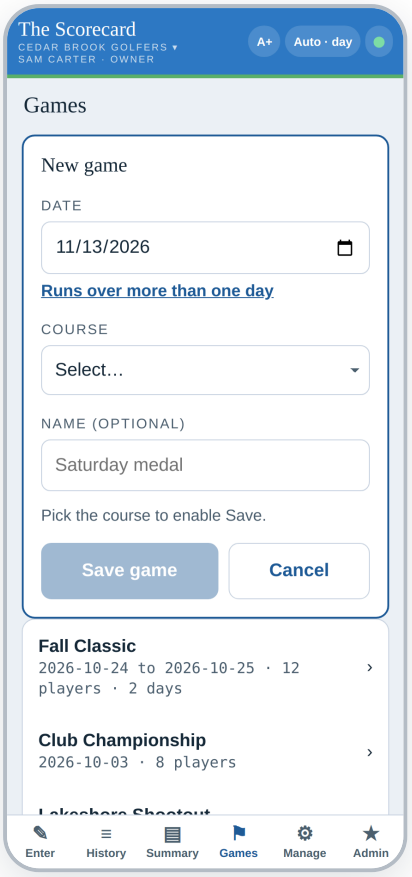

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. **My season** shows your rounds this year and your index now.
2. Under **Handicap Index**, tap **Share** to send everyone's index as a message.

14. Admin: create a game

Administrator

A game groups the rounds played on a day, or over several days.

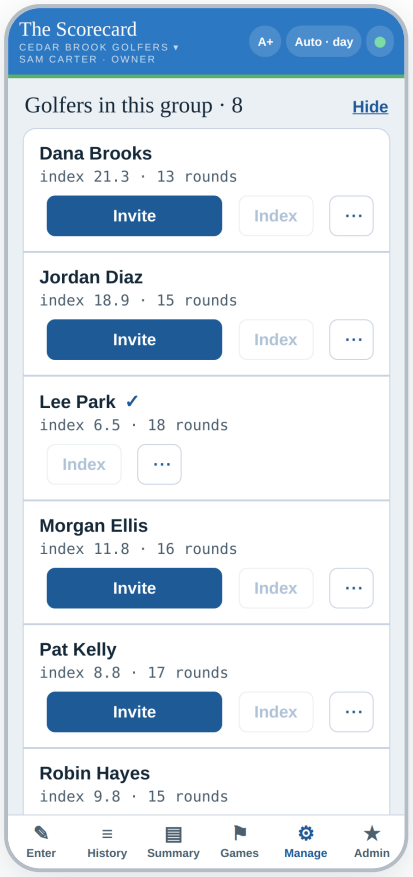

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Games**, then **Add a game**.
2. Choose the date. For a game over several days, tap **Runs over more than one day**.
3. Choose the course, give it a name if you like, and tap **Save game**.
4. Scorers in The Marker can also start or join a game themselves, with a six-number code.

15. Admin: golfers and invitations

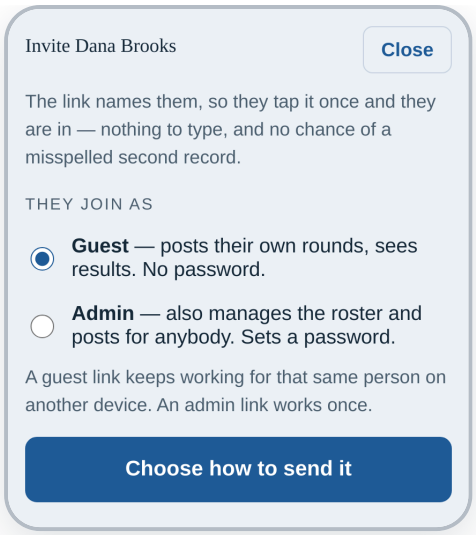

Administrator

The Manage tab holds the group's golfers and courses.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Manage**, then **Show** beside **Golfers in this group**. A tick ✓ beside a name means that golfer has joined.
2. To add someone, type the name and tap **Add golfer**, or **Add from my other groups**.
3. Tap **Invite** beside a golfer. Choose **Guest** (posts their own rounds) or, for owners, **Admin**. Tap **Choose how to send it**.
4. **Index** sets a starting handicap for someone with fewer than three rounds. ··· holds Rename and Remove.

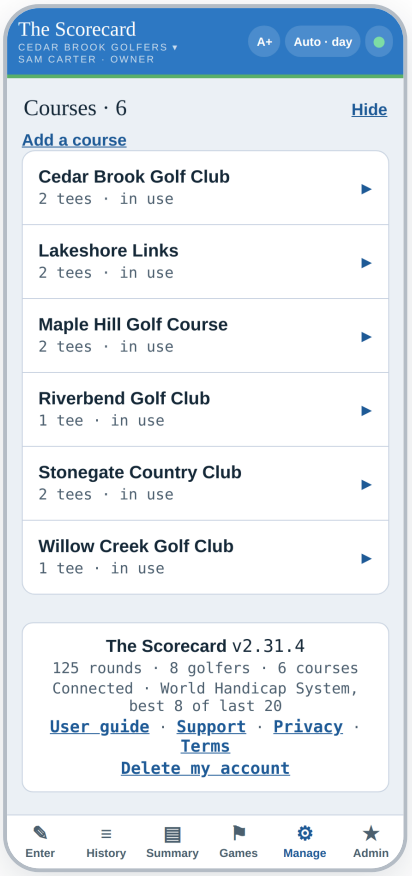

Real screen of The Scorecard 2.31.4, with made-up golfers. ***View larger****.*

16. Admin: courses, tees and scorecard photos

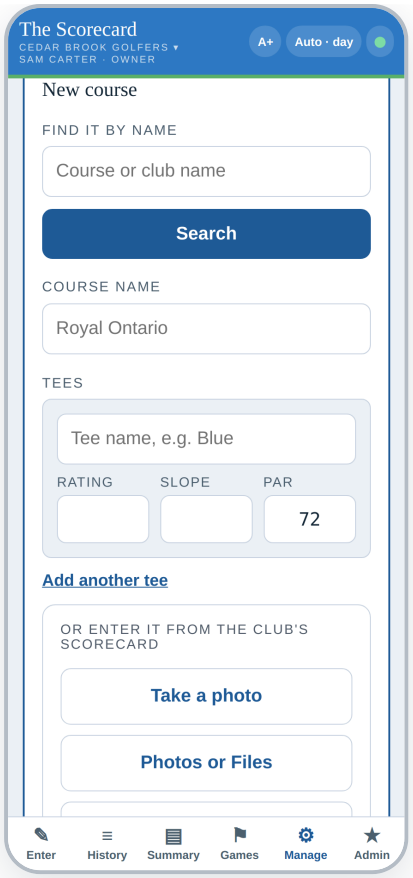

Administrator

Courses can be found by name or read from a picture of the club's scorecard.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. On **Manage**, tap **Show** beside **Courses**. Tap a course to check or change its tees.
2. Tap **Add a course**. Find it by name and tap **Search**, or type it in: name, tees, rating, slope and par.
3. Or tap **Take a photo** or **Photos or Files** under **Or enter it from the club's scorecard**. A large spinner and **Reading your scorecard** show until it is read.

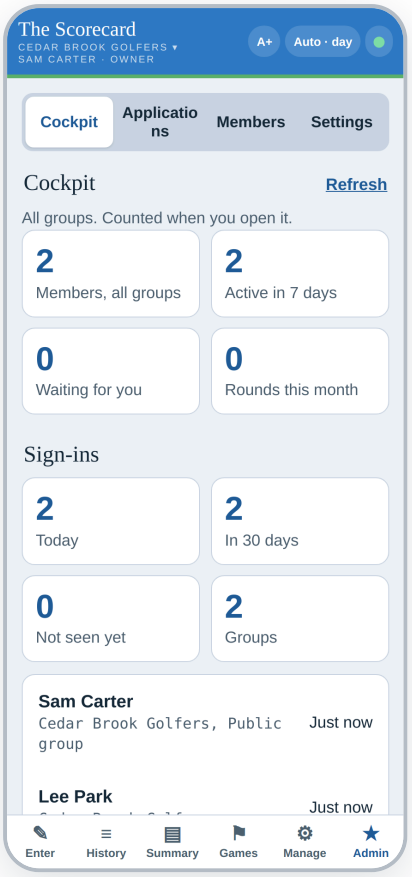

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

4. Check every number against the card, then save. Reading needs a connection.

17. Admin: the Cockpit

Administrator

The Cockpit is the first page of the Admin tab.

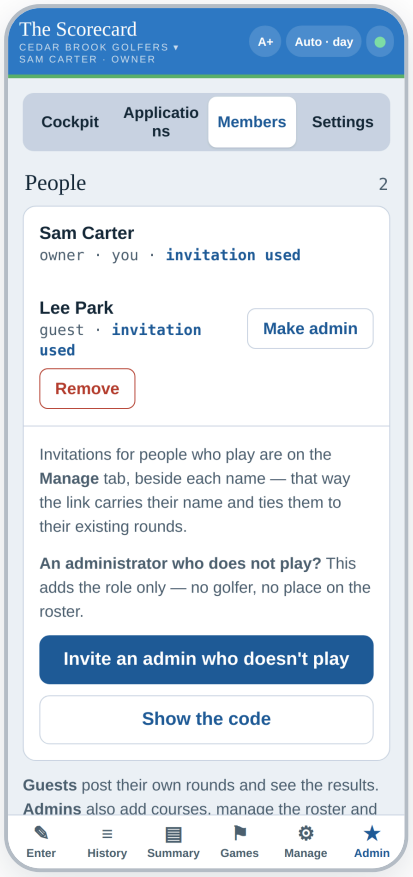

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Admin**. The Cockpit counts members, who was active in 7 days, who is waiting for you, and rounds this month.
2. **Sign-ins** shows who signed in today and in 30 days. Your own row shows your golfer name.
3. Tap a group to see only that group. Tap **Refresh** for the latest counts.

18. Admin: group members

Administrator

Members lists the people who can sign in to the group.

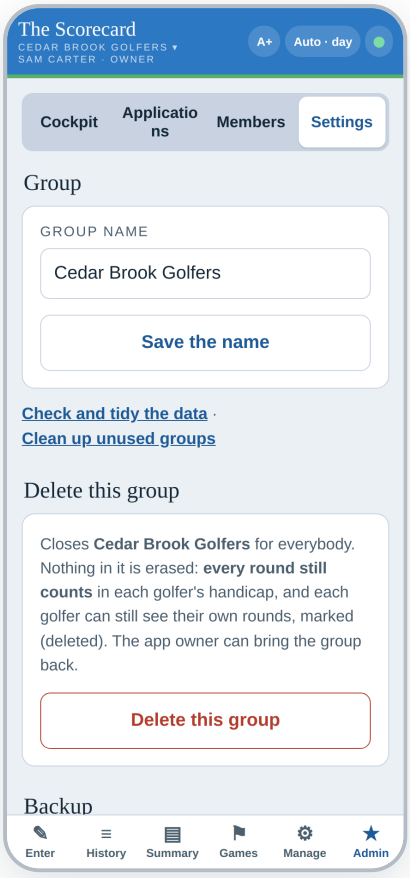

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Admin**, then **Members**.
2. **Make admin** gives a member the admin tools. **Remove** takes away their access; their golfer and rounds stay.
3. An admin who doesn't play? Tap **Invite an admin who doesn't play**.

19. Owner: rename, tidy or delete the group

Group owner

Settings is for the group's owner.

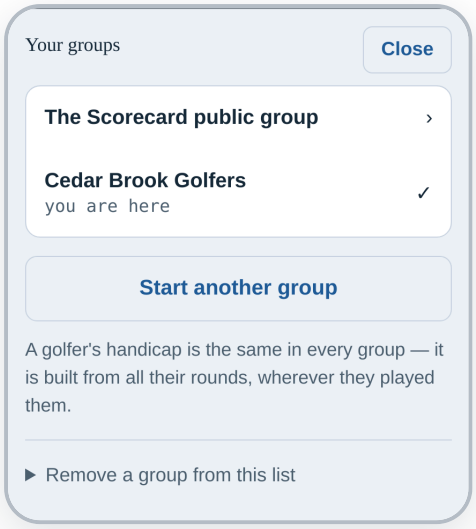

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Admin**, then **Settings**. Change the name and tap **Save the name**.
2. **Check and tidy the data** and **Clean up unused groups** keep things in order.
3. **Delete this group** closes the group for everybody. Every round still counts in each golfer's handicap, and the app owner can bring the group back.

20. Switch between groups

Regular user

Golfers in more than one group switch with one tap.

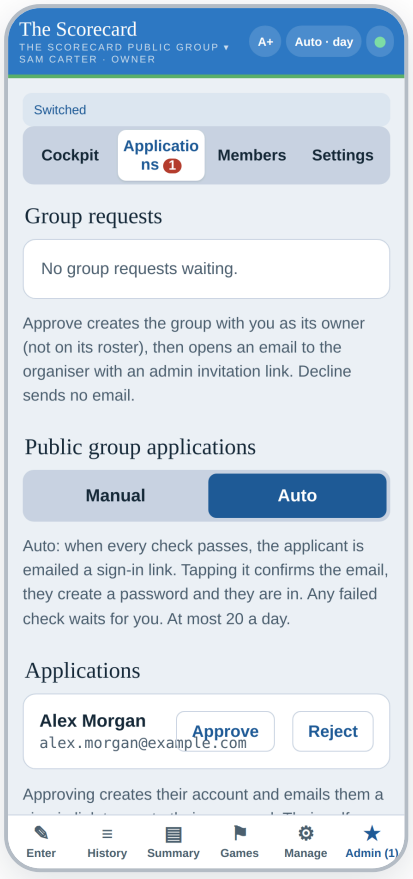

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap the group name under **The Scorecard** at the top.
2. Tap the group you want. A golfer's handicap is the same in every group.

21. Public group: applications

Administrator

Admins of the public group review applications on the Admin tab.

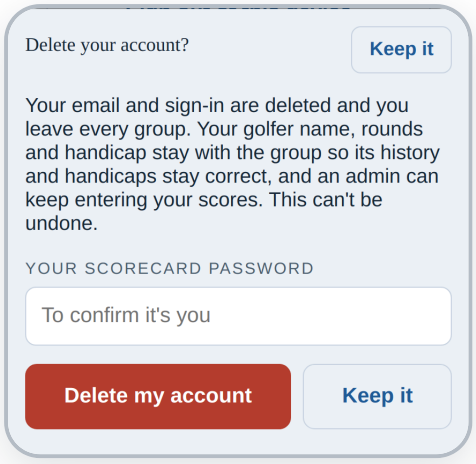

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Tap **Admin**, then **Applications**. The number shows how many are waiting.
2. **Auto**: an applicant who passes every check gets a sign-in link straight away. **Manual**: you approve each one.
3. Tap **Approve** or **Reject**. Approving creates their account and emails them a link.

22. Delete your account

Regular user

Delete my account is at the bottom of every page, under the version.

*Real screen of The Scorecard 2.31.4, with made-up golfers. **View larger**.*

1. Scroll to the bottom and tap **Delete my account**.
2. Read **Delete your account?**: your email and sign-in are deleted and you leave every group.
3. Type your Scorecard password to confirm, and tap the red button. Tap **Keep it** to stop.

23. What is removed — and what stays

Removed: your Scorecard sign-in, account email, group memberships, accepted invitation claims and the link between your account and golfer record.

Retained for other group members: your golfer name, entered scores, round history and handicap information. These remain shared golf records, and an administrator may keep entering that golfer's scores.

> Deleting your Scorecard account does not erase the shared golf history. See the **Scorecard Privacy Policy**.

Before deleting

1. Ensure your app is online and shows **Synced**. Changes waiting to upload block deletion.
2. If the app warns that earlier changes could not be saved, review them carefully. **Dismiss them** discards those unsaved changes; do not press it unless you accept losing them.
3. If the app reports a group-management restriction, contact Support for the proper next step. Do not

delete a shared group merely to test account deletion. Contact Support if unsure.

Account deletion versus group removal

Self-service account deletion: removes your personal sign-in and leaves all groups.

Admin → Members → Remove from group: removes another regular member’s access to the current group while retaining their golfer and rounds. It does not delete their Scorecard account.

Remove from my list: only hides a group from your switcher; it does not remove your membership or delete your account.

24. If deletion stops or displays an error

Regular user

1. If the app says **Your account isn't deleted yet**, you are still signed in. Tap **Try again** once you are online. If it repeatedly fails, the automated completion process is intended to finish within a day.
2. If the app says **This account is being deleted**, you have already been signed out. The app says it

will finish automatically, normally within 20 minutes. Do not create a replacement account immediately.

3. A wrong password returns an error and should leave the account unchanged. Enter the correct Scorecard password instead.

4. If the app shows **Send a report** for a failed deletion check, use that option. For a lingering problem, contact **Scorecard Support** and

include the exact error without sharing your password.

25. Troubleshooting and account help

My round is missing

Check **My rounds** or **History**, clear date/course filters and confirm the device is synced. Do not post a duplicate just because the connection was lost.

I cannot post a score

Check the golfer, course, tee and score. A regular user whose account is not linked to their golfer must ask the group organiser to provide the correct personal invitation.

I cannot see Admin

Only users with an appropriate management role receive that tab. Ask your group administrator to check which permissions have been assigned to you.

My handicap is blank

An initial index normally needs at least three recorded rounds. Verify the golfer and rounds first.

Delete my account

See the **deletion instructions**, including confirmation, retained records, account prerequisites and recovery.

Support

Contact **willyros01@gmail.com** or use **Scorecard Support**. Include the screen, action and exact error message. Never share passwords or invitation codes.
