# 1. Choose how to play

The Marker is a companion to The Scorecard and a complete standalone scorecard for one to four players.

## Sign in with The Scorecard

Pick golfers from your groups. Scores are posted for them.

## Play without an account

Type the players' names. Keep and share the card; nothing is posted.

Every score is saved on this phone the moment you enter it, so a lost signal or a flat battery loses nothing.

1. Use the date minus and plus buttons to select the day played. Choose the course and the tee actually used.
2. Choose **18 holes**, **Front 9** or **Back 9**. A nine-hole card can be shared but cannot be posted to The Scorecard.
3. Set the **Starting hole** for a shotgun start. An 18-hole round starting on 10 goes through 18, then 1 through 9.
4. Choose your score-entry layout. The selected course and tee apply to everyone on this card; use separate cards for different tees.
5. Need to add or photograph a course? Follow **Find and check a course** in the complete guide.

# 3. Choose one to four players

Group golfers can be posted; typed guests are scored and shared only.

2. After posting, wait for **Posted** ✓. Waiting and Checking are not final confirmation. Reopen the app online to check delayed submissions.
3. Without an account, or for nine holes, choose **Share the card**, then **Done** to keep it under **Your cards**. If a signed-in round cannot be posted, read the displayed reason.
4. During play, use **Menu → Go to the start screen**, then **Continue your round** to return. Local cards stay in the same browser; do not clear its data.

# 7. The Menu bubble during play

The **Menu** control appears at the top of the hole screen beside the saved indicator. Tap it without leaving your round.
